Nowadays schools and colleges have become the abode of indiscipline. Everybody knows the students have become undisciplined. At the time of examination police are called. Who will be happy when he sees a policeman standing at the gate with a stick in his hand. One is tempted to ask, "What is the use of this education were policemen are needed for conducting examinations." The aim education is to wipe out the existence of the force. When a father sends his son to school, does he think that his son will become a thief. So it is not an irony that parents spend money to see students thieves who copy in the examination hall at the point of a knife, stick, pistol or bayonet are no better than robbers. Can any father be happy when he sees this. The cause of such indiscipline is the students don't read and teachers don't teach. Generally, in many places inefficient teachers are appointed by the authorities on the basis of recommendation. Sometimes they select inefficient hands to pay less. The result is that the schools and colleges play with the lives of the young students. Among teachers, there is friction. Sometimes principals harass teachers and sometimes teachers unite against them. The result is the schools/colleges becomes places of petty party politics. Another cause is that schools and colleges are overcrowded. Ill-fed, ill-clothed and tuition hunter teachers are there to teach. Papers are out. Students are tempted to go to the safest way of tuitions. When there is no work, indiscipline comes in. An idle man's mind is the devil's workshop.
